VERKLARING - DÉCLARATION - STATEMENT

Beste klant!

Wij feliciteren je met de nieuwe kas. Wij zijn ervan overtuigd dat je door de gedetailleerde montage-instructie te volgen net zoveel plezier zult beleven aan het daadwerkelijk bouwen van de kas als aan de tijd die je in de toekomst met je kas zult doorbrengen. De montage-instructie bestaat voornamelijk uit gedetailleerde illustraties.

Klachten

Wij stellen hoge eisen aan de kwaliteit om ervoor te zorgen dat u een foutloos product krijgt. Mocht er toch een probleem optreden, dan verzoeken wij u vriendelijk contact op te nemen met de dealer bij wie je de kas hebt gekocht. Voor een snelle service dien je de omvang van het defect op te geven met behulp van de onderdelenlijst in de montage-instructie. Noteer ook het model en het modelnummer dat op de voorpagina van deze instructie is weergegeven.

Montage

Verwijder de sticker van het onderdeelnummer voordat je het profiel monteert voor een fraai eindresultaat. Tip! Gebruik schildertape om 3 profielen en het polycarbonaat samen te houden. Zo kun je gemakkelijk het 4e profiel monteren zonder dat alle onderdelen te veel bewegen.

Cher client !

Nous vous félicitons pour votre nouvelle serre. Nous sommes convaincus qu'en suivant les instructions de montage détaillées, vous apprécierez autant la construction de la serre que le temps que vous passerez avec votre serre à l'avenir. La notice de montage se compose principalement d'illustrations détaillées.

Réclamations

Nous avons mis en place des normes de qualité élevées afin de garantir que vous receviez un produit irréprochable. Si un problème devait malgré tout survenir, nous vous prions de contacter le revendeur auprès duquel vous avez acheté la serre. Pour un service rapide, veuillez préciser l'étendue du défaut à l'aide de la liste des pièces figurant dans les instructions de montage. Notez également le modèle et le numéro de modèle figurant sur la première page de cette notice.

Assemblage

Retirez l'autocollant du numéro de pièce avant d'assembler le profilé pour obtenir un beau résultat final. Conseil : utilisez du ruban de peintre pour maintenir ensemble les 3 profilés et le polycarbonate. De cette façon, vous pouvez facilement monter le quatrième profilé sans que toutes les pièces ne bougent trop.

Dear customer!

We congratulate you on your new greenhouse. We are convinced that by following the detailed assembly instruction you will enjoy the actual building of the greenhouse as much as the time you will spend with your greenhouse in the future. The assembly instruction consists mainly of detailed illustrations.

Complaints

We set high quality standards to ensure that you receive a faultless product. Should a problem nevertheless occur, we kindly ask you to contact the dealer from whom you bought the greenhouse. For prompt service, please specify the extent of the defect using the parts list in the assembly instructions. Also note the model and model number shown on the front page of these instructions.

Installation

Remove the part number sticker before assembling the profile for a nice end result. Tip: Use painter's tape to hold 3 profiles and the polycarbonate together. This way, you can easily mount the 4th profile without all parts moving too much.
